
Mother Nature's Preschool

JUNE 2017

Dear Parents,

May was a busy month for the children. We celebrated Mothers Day with a tea and it was a hit with the children and the special people in their lives! We have been enjoying fieldtrips to places such as the library, the butterfly house, and Kin Coulee. We have been learning about flowers and different types of bugs. As well as enjoying centers such as camping, and the birthday party center!

June is going to be a fun filled month spent enjoying the summer sun and winding down the school year and getting ready for Summer! The children's interests this month are the beauty salon in the Jungle Room, as well as the Deli Shoppe in the Forest Friends room. We are going to continue to talk about summer, and start doing more summer oriented activities with the children. Our topics for the month will include Father's Day. We are planning on having Muffins in the park on Friday the 16th at 10am. As well we are planning an open house for Thursday the 15th from 3-6pm to showcase our children's work and activities from the past year. We will be inviting Kona Ice to come so you and your family can enjoy a summer treat. We are welcoming all our families and will also be encouraging people from the community to see our center.

Our summer program is filling up extremely quickly. If you have not returned your summer registration form please make sure you do so before June 15th as we will be filling spaces with new children.

We would like to thank all our families for making this school year such a wonderful experience for the staff and children. Have a safe and fun filled summer.

Sincerely,

REMINDERS:

- **Please ensure that your child has weather appropriate clothing, as we spend a great deal of time outside, this includes a hat, good walking shoes, sunscreen, and bug spray. If you are wanting us to supply sunscreen and bug spray there is a \$5 fee.**
- **Our raffle draw will be on the 16th. If you have been selling tickets for us we need to have the stubs and money back by the 12th at the latest. Thank you!**
- **At Mother Nature's Preschool children's hours are contracted. We require written notice or a phone call prior to schedule hours if child is not attending or will be late. Due to our programming, we are often away from school premises during the day. Irregular drop off times will not be accepted due to child/staff ratios.**
